Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. THE HIGH POINT FESTIVITIES

Yesterday Were Interferred With But Not Estopped By The Rain

A MOST INTERESTING PROGRAM

Professor George H. Crowell, Colonel Julian S. Carr and Others Made Speeches.

The 4th of July celebration in High Point was a success to a great extent despite the rain which came down in torrents all day long. Visitors came on every train and the city was fully crowded by the time the exercises began. If it had been a pretty day no doubt the city would have entertained largest crowd in its history. We think that a safe estimate would put the number of visitors at from 1,000 to 1,500. This number augmented by our population of 5,500 gave us a good crowd after all. The most important feature of the occasion had to be cancelled—the unveiling of the handsome Confederate monument—which feature gave the day its name—"Confederate Unveiling Day." After all hope had been abandoned for a clear day it was announced that the exercises would take place in the opera house commencing at 11 o'clock and completing the program before a stop of any length was made. The High Point cornet band discoursed appropriate music while the crowd was filing into the house, which was taxed to its utmost capacity when the hour for beginning arrived. On the rostrum we noticed Col. John R. Webster, of Reidsville; Col. Al Fairbrother, of Danville; General J. S. Carr, of Durham; Hon. F. C. Robbins, of Lexington; Rev. J. W. Goodman, of this city, and members of visiting orders and reception committee.

Promptly at eleven o'clock Rev. W. R. Lowdermilk, master of ceremonies, arose and presented Mayor J. J. Cox, who delivered the address of welcome with very appropriate remarks. The next on program was a speech, "Presentation of Monument," by Prof. Geo. H. Crowell, which was well delivered and received. We wish we had the space to repeat a good part of his speech and the others that followed him. In speaking of the war of the states he said some people spoke of the same as a "lost cause"—such people should be made to hang their heads in shame. "I say to you that the Confederacy is no 'lost cause'—it is a living cause. It is the overthrow of a false faith and the establishment of a glorious union. Every article in the immortal Constitution is sprinkled with the blood of a Confederate soldier; every right and privilege there embodied has been purchased at the price of thousands of their lives. Talk about heroism of the southern soldier. Since the morning stars sang together and the angels of God shouted for joy greater heroism has never been displayed. [Applause] The battles of Thermopylæ and Waterloo are equalled on a hundred Confederate battlefields and far excelled by the charge of Pickens at Gettysburg, etc." [Applause] He paid a glowing tribute to the 48 soldier boys who are buried here; also to the Jr. O. U. A. M., who made it possible for the erection of a monument to their graves. He mentioned that Editor J. J. Farris had mentioned in his paper the duty we owed to our Confederate dead and was glad that his hope had been realized. Mr. Crowell's speech is highly spoken of by all. A song, "My Country, 'Tis of Thee," came next, which was led by the band. Prayer by Rev. J. W. Goodman followed. Next on program was an address, "Dedication of Monument," by Hon. F. C. Robbins, of Lexington, which was splendid. He started off by referring to the beautiful rain—not beautiful to the young ladies with summer dresses and hats but when he said "beautiful" the old rebs knew what it meant—"rations." Said he, "Some people wanted to know what the southern soldier fought for—local self government and personal liberty and he defied any man to say that Lee, Grant and others were not on the right side of liberty. [Applause by all and cheers from old rebs] On the northern pension roll (after all fraudery) there appears some 1,000,000 names. This shows good markmanship of the Confederate soldier. [Laughter and applause] He said that differences of opinions had all been settled and that "Dixie" and rebel yell became immortal in the late war with Spain. "Dixie" by the band followed his speech.

An address "Confederate Soldier and his Monument," by Hon. Julian S. Carr, of Durham, come next. Col. Jno. R. Webster, of Reidsville, introduced the speaker, saying that the introduction wasn't necessary as Col. Carr's name is a household word in every home in North Carolina, that he was a man that wealth hadn't spoiled, etc. Col. Carr arose and thanked him for alluding to him in such a favorable way, etc. Mr. Carr made a good talk. Said he, "I am glad to have the pleasure of being present on this occasion. I am a Confederate myself and never was happier than when I wore the spur of a private a greater honor to me than if I had worn the stars of a general." He told of courage and heroism of the Confederate solder, the hardships they endured, etc., of the loyalty of the Southern women during the civil conflict. He repeated a pathetic incident connected with the war of the States which brought tears to the eyes of many. He encouraged the working man and expressed his determination to stand beside that class as long as he lived. He called the great trusts that are being formed thieves and robbers and denounced them in plain language, said he had lived in North Carolina 53 years and was proud of the grand old State and intended spending remainder of his days in her borders, etc. We wish we could do Mr. Carr and all others justice in short random write ups of their speeches. They were gems and thoroughly enjoyed by all as was shown by the close attention and frequent applause they received.

Mr. Burrette, of Charleston, S. C., who arrived on the 12 o'clock train was introduced to the audience and made a short and appreciative talk. He has a brother buried in the soldiers grave-yard and came here to be present at unveiling. He brought a beautiful wreath of flowers tied with the colors of the Confederacy sent by the Daughters of Confederacy of his city to be placed on monument mound. It was a treat to have him with us and all enjoyed his talk.

After the exercises were over, all were invited to take dinner at the Wheeler building, given by the Junior order where all had their appetites fully satisfied. The fare was excellent and every one was loud in his praise for the organization which gave it.

The afternoon was spent in visiting especially the grave-yard to the all the monument which had been informally unveiled.

Several of the residences and stores were draped in the national colors, and flags floated out on the breeze most everywhere. The Confederate flag, with the inscription, "First at Bethel; Last at Appomattox," was prominent at the homes of several of the old Rebs. The day passed off pleasantly, and all seemed to enjoy themselves, despite the bad weather.

THE COMING EVENT.

Work Now Begun in Earnest—The Official Program Announced.

It is less than a month now till the 11th annual convention and tournament of the North Carolina State Firemen's Association will be held in this city in connection with Greensboro's industrial exhibit. For some time it has appeared to outsiders that the work of preparing for this—or more properly speaking—these events has progressed rather slowly, but it is now seen that some, at least, of the committees have been at work, as the official program has been announced, as has also the list of prizes in the tournament races and the horse races. This is only the beginning, however, and there is yet much work to be done. That it may now be begun in earnest, a meeting of the central committee has been called for tomorrow night at Capt. Ellington's office at the Greensboro National Bank at 8 o'clock. A full attendance at this meeting is particularly desired, and any members of the sub-committees who can attend are requested to do so.

The program and list of prizes will appear in this paper tomorrow.

LINDAU SELLS OUT.

Succeeded by Mr. Louis Baach, Who Will Continue the Business.

The fancy grocery and cigar business heretofore carried on by L. B. Lindau in the Katz building, opposite the Benbow, has been sold to Louis Baach, who will conduct the business in the future. Mr. Baach has been in charge of the store for some time as clerk for Lindau and thoroughly understands the trade and its demands. He will make a worthy successor to the ever genial and accommodating Lindau, and we wish for him increased patronage. Watch for his advertisement in this paper tomorrow and give him a call.

We learn that Mr. Lindau will soon go on the road with a popular line of goods. He will make a model "commercial tourist" and there is no doubt about his success. Both Mr. Baach and Mr. Lindau have the Telegram's very best wishes.

For a Jail Site.

The county commissioners of Guilford county are now ready to consider propositions for a suitable lot on which to erect a new jail for the county. The present location is not suitable, and the commissioners, we learn through Chairman W. C. Boren, are desirous of securing another location, and to that end are inviting bids.

BRYAN WILL PROBABLY LOSE

The Support Of Georgia At the National Convention.

THE ANNUAL C. E. CONVENTION

The Christian Endeavorers Meet At Detroit This Year—Carolinians At Washington.

Special to the TELEGRAM.

Washington, July 5—Several prominent Southern members of congress are in the city. Among them are Representative Bankhead and Clayton, of Alabama, Griggs, and Buderson, of Georgia, and Norton, of South Carolina. The Southern congressmen are here for the purpose of asking the President to give recognition to the Southern States in the coming list of officers in the army soon to be appointed. Congressman Norton, and other representatives called at the white house for this purpose, and were received by President McKinley the other day. The President gave assurances that the South would not be overlooked in the matter of these coming appointments. It is thought that several southern men will receive appointments.

Congressman Griggs was seen the of her day, and stated to newspaper men that politics in Georgia are quiet. He is of the opinion that the State will send a solid delegation to the National democratic convention in favor of the renomination of Col. Bryan for the presidency, and pledged to silver Other Georgia people coming to Washington, including Senator Bacon, have expressed the opinion at different times that Bryan cannot get the Georgia delegation without a contest. The most prominent name suggestested other than Bryan by Georgia democrats is that of ex Senator Gorman, of Maryland.

The majority leadership in the next house of representatives is a topic of conversation among southern representatives now here. The general belief is that Representative Bankhead is the leading candidate for the nomination at the hands of the democratic caucus, and that if Bailey keeps out of the field that he will distance his rival competitors for the honor.

It is expected that a large delegation from Washington will go to Detroit to attend the annual convention of the Christian Endeavor Society. For months past the officers of the local organizations have been working up the interests of the convention and much interest has been manifested by the young people of the District. The Washington delegation will go in a special train, leaving this city over the Baltimore & Ohio route, so as to reach Detroit on the morning of the day that the convention opens. Numerous pleasant side excursions are being arranged for the benefit of the delegates from this District.

Much interest is being manifested in the convention of the Christian Endeavor to be held next year at London, and it is thought now that quite a respectable delegation will attend from Washington. Efforts are being made by the national officers to secure a very low rate between here and London next year, and the prospects are that they will be successful in this undertaking.

Mr. O. P. Angelo, of this city, and an employe of the department of agriculture, has been promoted and his salary raised from $720 to $840 per annum. The promotion went into effect the first of July.

Among well known people in Washington are Rev. W. J. Smith, of Charlotte, and J. H. Wheeler, also of Charlotte. The gentlemen are here on personal business, stopping at the St. James Hotel. They will remain in Washington for several days.

Horace G. Reinhardt has been commissioned postmaster at Longtown, N. C.

Mr. H. F. Lane, of Fayetteville, N. C., is stopping at the National Hotel for a few days.

Mr. W. F. Brown, of North Carolina, is registered at the St. James.

Coming Entertainment.

The operatta, "Love and Whist," under the supervision of Miss Lizzie Crocker, of this city, will be presented in the Academy of Music about the 15th inst.

Sail For England to Meet the Oxford and Canbridge Giants.

New York, July 5—Crowds of athletes gathered at the American line pier this morning to bid farewell to the Yale and Harvard athletes going to England to meet the picked men of Oxford and Cambridge colleges. The members of the team and their handlers were driven to the pier in carriages, and were received with a warm welcome. The dock and the St. Louis were overrun with enthusiastic collegians. Thirteen members of the team are from Harvard and nine from Yale.

ON LOWER SOUTH ELM.

Large Store Building to be Erected by Groome Bros.

Ground was broken today on the lot next to Woodward & McQuiston's store, lower South Elm street, preparatory to the erection of a handsome brick store building, by Groome Brothers. The new building will be 76x90 feet, occupying the site of the tin building now occupied by Woodward & McQuiston. It will be three stories high and will contain three store rooms on first floor, with tenements on second and third floors. The front of the stores will be finished in oak, we are told, and octagon windows will be constructed in the front on the second and third floors. The building, which will be one of the handsomest on that part of the street, will be completed in a short while. The entire building will be for rent.

NEGRO BADLY CUT

In a Fight Resulting From a Game of Cards.

A serious cutting affray occurred in the woods near Hucomuga mills Monday afternoon. The story goes that Frederick Jones and John Quicker, both colored, were playing cards for money when a dispute arose and a fight ensued. During the altercation Jones drew a knife and slashed his antagonist across the abdomen, the blade penetrating into the intestines. Jones fled immediately.

Drs. Turner and Beall attended the injured man and he was doing well this morning, though the wound is a deep and ugly one.

The city and county authorities have so far been unable to apprehend Jones, though search has been made since the affray was reported.

It Is a Beauty.

We have the catalogue of Oak Ridge Institute before us. It is a marvel of beauty. The printer and the engraver have done their best. Profs. Holt try to help you to answer the question: "What are you going to do with that boy of yours?"

This school is one of the largest, if not the largest fitting school in the south. It is admirably located in the beautiful "Piedmont section" and educates hundreds of boys every year.

The unsurpassed stand its graduates take in college and in the business world, is a fitting compliment to the superb equipment and management. See ad and send for catalogue.

Mr. Porter Better.

Clark Porter, who was badly injured by a fall from the hook and ladder truck a short while ago, is more seriously hurt than was at first thought. His condition has been such that arrangements were made to take him to Johns Hopkins Hospital, Baltimore, last night, but he improved greatly yesterday and the trip was deferred, at least for a few days. It was feared that amputation of the right leg, which suffered a compound fracture, would be necessary, but conditions are now more favorable.

Has Accepted the Position.

Dave J. Gilmer, late captain of the Greensboro company, Third North Carolina regiment, has accepted a position in the postal service in Cienfuegos, Cuba, and tells us he will leave for his new work as soon as he receives the insurance on his store, which was destroyed by fire a short while ago, with which to pay his creditors. He is an industrious and sensible colored man and one that has a good influence with the colored citizenship of Greensboro.

400 PERSONS DROWNED

It Is Thought By The Flood In Texas.

MONETARY LOSS, $15,000,000

The Neosho Valley, in Kansas, Flooded—Great Damage To The Growing Crops.

By Wire to THE TELEGRAM.

Dallas, Texas, July 5—Four hundred people are believed to have been drowned in the floods in Texas. The total monetary loss is placed at fifteen millions, about eight millions of which falls on the cotton crop. A hundred families, well-to-do a few days ago, are now penniless.

IN KANSAS.

Humboldt, Kan., July 5—The Neosho valley is flooded with the twenty-four hour rain and is under six feet of water. Many fields of wheat are gone and the corn crop is greatly damaged. Farmer Broody was drowned trying to save his stock. It is feared the flood will exceed that of 1865.

Picnics and Outings.

The weather looked threatening yesterday morning, but few dreamed that such a tremenduous downpour of rain would occur during the day.

The Baptist picnicers who went to Boone's pond, eight miles east of the city, were caught in the deluge and hardly one escaped with a dry thread.

A crowd who went on a fishing excursion to Rankin's pond, caught a few of the finny tribe, but got a ducking for their pains.

The party who took an outing at Hamburg, eight miles west of the city, do not care to discuss their trip today. Let it suffice to say that it rained out there.

To Elect The President.

Senator Smith, of Stanly county and W. H. Ragan, of High Point, passed here today going to to Raleigh to attend a meeting of the directors of the Agricultural and Mechanical College, of Raleigh. This is a special meeting, held to elect a new president for the institution. Since the recent deadlock, which, it is expected will be broken today, much has been said about the presidency of the college. The candidates at last meeting: Dr. Geo. T. Winston, W. S. Primrose, Prof. Holliday, Prof. Gore and Prof. Hill, with Winston and Primrose in the lead.

Tillinghast School of Music.

We are pleased to announce that Greensboro is not to be long without a music school, as will be seen from the advertisement elsewhere of J. W. Tillinghast, who will, on the 11th of September, open the Tillinghast School of Music for instruction in the elementary and advanced courses for piano, violin, harmony, etc. The prospectus will be ready about the first of August. Competent instructors will have charge of each department. The people will, no doubt, sustain this effort of Mr. Tillinghast to furnish thorough and competent instruction in the art of making music.

The Reception of Mother Goose.

We wan't to thank you again, Mr. Editor, for your kind notice of our expected guests, Mother Goose and her merry folks, who will hold the reception tomorrow (Thursday) afternoon and evening at the Lindsay Street Graded School. Under the shade of the trees we will be glad to introduce them to everybody and they will assist us in serving creams, cakes, ices, fruits and everything dainty for which the directory of our society have justly become famous.

Yours for missions,

CHARLOTTE ROAD CONVENTION.

The road-builders' institute meets in Charlotte next Tuesday, July 11, and will continue for a week or more. This convention will be under the supervision of Prof. Holmes, state geologist, and Gen. Roy Stone, the director of the United States government department of road engineering. The meeting was arranged for the Carolinas, and the there will be a good attendance from South Carolina as well as from this state.

We hope that Guilford county will be well represented. New ideas and most important information in regard to the latest scientific methods of building highways and turnpikes will be obtainable, which will be of the most vital interest to the people of North Carolina.

Persons attending will be given instruction in how to locate, build and repair earth roads, gravel roads, macadam roads, town streets and sidewalks, the handling of road machinery and the management of convicts. Road supervisors from every part of the two Carolinas, and all other persons who desire to learn something about the methods of modern road building, on a basis suited to the conditions in the Carolinas, and who may wish to see the methods followed in building splendid macadam roads of Mecklenburg county, are cordially invited to attend this institute. The only expenses necessary are the cost of the traveling and board while in Charlotte, and those will be reduced to a minimum.

Friends of the good roads movement in every portion of the two Carolinas should co-operate in seeing that at least one person attends it from every county, township and town in the two states.

Persons desiring further information should either write to Mr. D. P. Hutcheson, Charlotte, or J. A. Holmes, Charlotte, N. C.

All who expect to attend the institute should notify Mr. Hutcheson, and all should try to be on hand at the first day's meeting, Tuesday, July 11th, at 12 o'clock noon, in the county courthouse at Charlotte. Those who can attend for one week only should be there during the first week.

Let Greensboro send a good delegation.

The heavy fall of rain yesterday which interfered with many an outing and disturbed countless picnic parties, was a great blessing to the farmers whose crops, after quite a drought, were beginning to suffer. Although in this section the crops had suffered but little, in other portions of the state (and the rain, happily, seems to have been general) the lack of rain was serious. Today vegetation is refreshed wonderfully.

ANOTHER FEATURE.

In their indignation at the wholesale murder that is being committed by our troops in the Philippine Islands, and at the killing of our own men by the Filipinos, the American people have, in a measure, lost sight of one very important phase of this great imperial question. We refer to the cost of the war in cool, calm cash.

The San Francisco Chronicle, which is the leading republican poper of California, and doubtless places the thing before its readers with as much mildness as it will bear, lifts the veil of the future and points out the results of our "predicament" very interestingly and sensibly:

"If the war is to go on with an active army strength of 35,000 men, the daily bill, saying nothing of naval costs, will be $300,000. Before congress can meet in regular session and decide whether or not we are to keep the Philippines, 164 days must elapse. Assuming that it will take thirty days to reach a decision in so important a matter, we have 194 days to consider, which, at $300,000 apiece, would mean a total military expenditure of $58,200,000. Of course if a larger army is employed so much more money will have to be laid out on it.

"Is not this paying a rather high premium on a $20,000,000 investment which congress may see fit to discontinue? Putting the conservative totals together, the $63,000,000 and the $58,000,000, and the product is no less a sum than $121,200,000 for a piece of property we have ourselves rated at less than one-tenth that amount. Then there are the pensions to come."

The melancholest of picipes has winged its flight for southern fields (just as we expected) and swoops down upon Atlanta. Two have been found in that city, one of which bit a Mrs. Morse. We shall not be surprised to hear of its wanton depredations in Greensboro at any time. The kissing bug is the latest fad. We would be pleased to hear from Friend Fairbrother on its general habits and customs, in order to intelligently cope with it.

The presence of one's warship has such a soothing effect on the spirits of a little government whose rulers are rather overbearing and inclined to the perturbable in their treatment of one's interests. The Vixen is little but she's extremely loud when aroused and the part she played in the evoking of a more liberal dealing with our merchants by the powers at Bluefields, Nicaragua, was quite well defined.

Lives of great men oft remind the
Young man he can be as they,
And, departing, leave behind him
Bills he never tried to pay.

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

Canadian Troops March in Rochester While Bands Play American Airs.

Rochester, N. Y, July 4—A long step toward the much talked of Anglo-American alliance was taken here today when 2,000 Canadian troopers marched to the music of "The Star Spangled Banner" and "America" in impressive parade. American soldiers fraternized with the Canadians and the utmost good fellowship prevailed. The Canadian companies brought their bands, which played American airs.

Samoan Commission Coming Home.

Washington, July 4.—The Navy Department this morning received a dispatch from Captain Miller, commanding the Badger, the vessel which conveyed the Samoan Commission to Samoa, saying the collier Brutus will leave Apia July 6 for Honolulu, and that the Badger, with the commission aboard, nothing preventing, will leave July 14.

The Navy Department also received a dispatch from Commander Goodrich, of the Newark, announcing the departure from Valparaiso of the collier Abarenda for Samoa.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1.00. Every bottle guaranteed.

FLOODS RISE AGAIN.

Reports of Loss of Life Coming in from Points on the Brazos.

Dallas, Tex., July 4—Another flood disaster, which, from a bulletin received this evening, appears to be worse than that of Friday last, occurred this afternoon in the Brazos Valley, one hundred miles below Calvert. The bulletin states that the large steel bridge of the Dewey Station is gone, and that the river as six feet higher than ever before known, and has carried away many houses.

Alarming reports are coming from La Grange and Sealey of terrible loss of life around Brookshire. Rescue parties have been sent from Houston Communication with the new flood district is nearly cut off and it is feared that an awful disaster has happened.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

An Epidemic of Diarrhoea.

Mr. A. Saunders, writing from Cocoanut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton, druggist.

Died in the Surf.

Savannah, Ga., July 4—James H. Barr, of Chattanooga, general counsel for the Chattanooga, Rome & Southern Railroad, died of apoplexy today, while bathing in the surf at Cumberland Island. He was at the island with a party of friends from Chattanooga, and was apparently in the best of health.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

INDIGESTION

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with Indigestion and Nervous Dyspepsia, unable to eat or sleep. I tried several physicians and different remedies, but they only helped me for a short time. A friend advised me to take Johnson's Dyspepsia Cure. I have taken three boxes, and am now feeling better than I have for two years. Have a good appetite, sleep well and have none of the symptoms of Indigestion or Dyspepsia, while I have gained ten pounds in weight within a couple of months. I am taking pleasure in recommending Johnson's Dyspepsia Cure wherever I can, and several of my friends are taking it with marked results."—L. A. Arnold, Clinn.

WINE OF CARDUI

How a Woman Suffers.

HOWELL, IND., Nov. 28.
I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.
Mrs. MINNIE STODGHILL.

McELREE'S
Wine of Cardui

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhœa. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

A Cheap Trip to the Pacific Coast.

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus $2 00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only $7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of $12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of terrible Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

—is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. SAMPLE BOTTLE MAILED FREE

SYMPTOMS. If you have either pimples, painful swellings, ulcers, or mucous patches in throat or mouth, sore eyes or nose, slow discharge from the ears, copper-colored spots (sometimes the spots are red or pink), sores on the back, or ulcers on legs, color bad, skin itches and burns, boils, aching bones, feet or hands puff up and swell, hair and eyebrows fall out, then you have blood poison, either acquired or inherited. Begin taking B.B.B. at once, at any stage of the disease, and in one to six months the poison will be driven out of the entire system, and a cure will result. All the symptoms will gradually disappear, and you will be happy once more. B.B.B. (Botanic Blood Balm), is a thoroughly tested, powerful blood remedy, hence cures when all else fails. Beware of the mercury treatment of the doctors. B.B.B. does not contain vegetable or mineral poison, and acts as a fine tonic, building up the broken-down constitution. For sale by druggists. Large bottles, $1, six (full treatment) for $5. Send 2 stamps for book and free sample bottle, which will be sent by return mail. Describe symptoms, and personal free medical advice will be given.

Jeffries vs. Jenkins.

Mat. Jenkins and Jim Jeffries, both colored, were fined $5 00 each and costs in the mayor's court yesterday afternoon for fighting in Duplin last Saturday night. It seems that Jeffries would not be a bad match for the world's champion, whose name he bears, while Jenkins is also a good fighter. The two men fought a fair "fist and skull" battle for twenty-five minutes and both showed many bruises to the mayor yesterday afternoon.

No Joke.—"My Dear," said Mrs. Henpeck, "I'm positive that our George is thinking seriously of matrimony." "Well, I only hope so," returned Henpeck, with usual spirit; "I wouldn't have any boy of mine to be so unfortunate as to regard it as a joke."—Tid-Bits.

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick-headache, indigestion or other stomach or liver troubles. They never gripe. Howard Gardner.

Yellow Jaundice Cured

Suffering humanity should be supplied with ezery means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours. M. A. Hogarty, Lexington, Ky." Sold by C. E. Holton, druggist.

No Cure—No Pay..

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

"Pa," said little Willie, "is they any nickels and ten centses in heaven?" "No, my son," said pa. "Then, pa," said Willie, "how do the little angels get any fire crackers?"

Farmer Thrifty got the idea that if he could keep a horse without the cost of feeding, it would be a great economy, so he reduced the horse's food a little every day. Unfortunately just as the experiment promised to succeed, the horse laid down and died. Farmer Hardsense says Farmer Thrifty was a fool. But there are people as much worse

than old Thrifty as it is more foolish to work your own body under starvation conditions, than your horse's. But every farmer has plenty to eat. Yes, but it isn't what is eaten, it is what nourishment is obtained from food that decides the question of starvation. It wouldn't do the farmer any good to run a stack of wheat through a thrashing machine which was so out of gear that it didn't get the grain out of one head of wheat in fifty. That's just the way with the disordered stomach. It doesn't get the good out of the food that is eaten.

There is no medicine will so quickly act on the organs of digestion and nutrition, and put the stomach in perfect working order, as Dr. Pierce's Golden Medical Discovery. It makes pure blood, and rich blood, and puts the body on a plane of perfect health.

"I suffered for six years with constipation and indigestion, during which time I employed physicians, but they could not reach my case," writes Mr. G. Popplewell, of Eureka Springs, Carroll Co., Arkansas. "I felt there was no help for me. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. I am now in good health."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

Hit By A Train.

As number 7, the southbound, local due here at 6:25 p. m., was pulling out from Reidsville yesterday afternoon Lucy Green, colored, was hit by the engine and sent several feet in the air. Lucy had celebrated the "Glorious Fourth" by getting gloriously drunk and was walking on the end of the ties. She was hit in the side by one of the cylinders of the engine and, upon reaching dry land again, set up a yell that drew the passengers to the platforms. The train was stopped but as soon as it was learned that the woman was more frightened than hurt the conductor signaled it on.

If people did not flatter one another there would be little society.—Vauvenargues.
